# Listening Homework 1

Book 2 Unit 4

## Questions 1-5 Sentence completion

Write **ONE WORD OR A NUMBER** from the indicated SHORT audio. Do not add % where it is printed.

**1.** [4.2-S01] **Sergio asks whether they should make a _____ of survey questions.**

**2.** [4.2-S01] **Murat says the weather in northern Europe is often cold and _____.**

**3.** [4.2-S01] **People in northern Europe generally see sunshine as _____.**

**4.** [4.2-S01] **Good, dry, sunny weather did not make people _____.**

**5.** [4.2-S01] **Under sunshine, people had more energy and were less _____.**

## Listening Homework 1

Book 2 Unit 4

### Questions 6-10 Sentence completion

Write **ONE WORD OR A NUMBER** from the indicated SHORT audio. Do not add % where it is printed.

**6.** [4.2-S02] **In humidity, people might plan to study at a different _____ .**

**7.** [4.2-S02] **Humidity can make it hard to pay _____ .**

**8.** [4.2-S02] **Sergio says this topic 'isn't _____ for us' because it concerns studying.**

**9.** [4.3-S03] **Murat entered the results in a _____ on his laptop.**

**10.** [4.3-S03] **The survey asked how people felt when they _____ up on a sunny day.**

## Listening Homework 1

Book 2 Unit 4

### Questions 11-15 Single choice

Tick **ONE** answer, A-C, for each question. Use the indicated SHORT audio.

**11.** [4.2-S01] **Which survey topic does Sergio introduce after planning?**

- ☐ A. Effects of weather on mood
- ☐ B. Cancelling all surveys
- ☐ C. Repairing a bicycle

**12.** [4.2-S01] **Why does Murat say people in his country like cool days?**

- ☐ A. The climate stays cold throughout the year.
- ☐ B. The climate stays hot throughout the year.
- ☐ C. Their train service closes in summer.

**13.** [4.2-S01] **Who became more upset during bad weather?**

- ☐ A. every person in the study
- ☐ B. visitors to an art gallery
- ☐ C. people who were already unhappy

**14.** [4.2-S01] **What were people more inclined to do in sunny conditions?**

- ☐ A. take part in more outdoor activities
- ☐ B. remain indoors for every activity
- ☐ C. renew a passport

**15.** [4.2-S02] **What possibility does Murat initially associate with very hot weather?**

- ☐ A. greater calmness
- ☐ B. a lower museum entrance fee
- ☐ C. greater anger

## Questions 16-20 Single choice

Tick **ONE** answer, A-C, for each question. Use the indicated SHORT audio.

**16.** [4.2-S02] **For whom does Murat especially consider the humidity area important?**

- ☐ A. professional drivers
- ☐ B. students
- ☐ C. restaurant customers choosing dessert

**17.** [4.2-S02] **Why might the bad-weather area be interesting, according to Sergio?**

- ☐ A. It appears to offer more usable findings.
- ☐ B. It contains no information at all.
- ☐ C. It explains a concert programme.

**18.** [4.2-S02] **How does Murat describe the bad-weather option?**

- ☐ A. highly cheerful
- ☐ B. rather gloomy
- ☐ C. related to choosing shoes

**19.** [4.2-S02] **How does Sergio respond when Murat asks for his preference?**

- ☐ A. He insists on the humidity area.
- ☐ B. He requests a library card.
- ☐ C. He has no strong preference.

**20.** [4.3-S04] **What limitation does Murat add to the survey result?**

- ☐ A. The pattern may vary by location.
- ☐ B. The pattern must be identical everywhere.
- ☐ C. The pattern changes a computer password.

## Questions 21-23 Multiple choice

Tick **TWO** answers, A-E, for each numbered question. Use the indicated SHORT audio.

**21.** [4.2-S01] **Which TWO actions did Professor Hadland recommend for planning?**

- ☐ A. consider all possible survey areas
- ☐ B. select the first idea immediately
- ☐ C. choose the most important areas
- ☐ D. ignore priorities
- ☐ E. measure the length of a piano

**22.** [4.2-S01] **Which TWO points limit the Swedish study's overall conclusion?**

- ☐ A. It produced one identical answer.
- ☐ B. It produced many different answers.
- ☐ C. It proved a universal mood effect.
- ☐ D. It selected a cinema seat
- ☐ E. The overall mood effect remained uncertain.

**23.** [4.2-S02] **Which TWO things does Murat say about his initial idea on very hot weather later?**

- ☐ A. Murat says the idea is definitely true.
- ☐ B. Murat cannot remember whether the idea is true.
- ☐ C. Murat insists on keeping the idea in the final list.
- ☐ D. Murat suggests leaving the idea out.
- ☐ E. Murat buys a concert ticket.

## Questions 24-25 Multiple choice

Tick **TWO** answers, A-E, for each numbered question. Use the indicated SHORT audio.

**24.** [4.2-S02] **Which TWO actions follow Murat's initial uncertain idea about very hot weather?**

- ☐ A. Sergio accepts it without checking.
- ☐ B. Murat immediately proves it true.
- ☐ C. Sergio asks whether it should be added.
- ☐ D. Murat says to record it for the moment.
- ☐ E. They order a new refrigerator

**25.** [4.3-S03] **Which TWO details describe the survey responses being reviewed?**

- ☐ A. Sergio contributed three responses.
- ☐ B. Sergio contributed thirty responses.
- ☐ C. Participants said they favoured rain.
- ☐ D. A chef tested a soup recipe
- ☐ E. Participants said they favoured sunshine.

## Passage A - How Rainfall Is Measured

**A** A rainfall number can make a place sound very wet or very dry, but the number comes from an observation. The Met Office explains that a rain-gauge, a tool for measuring rain, usually has a circular collector and a funnel, which narrows like a cone. Rain **falls** into the collector, passes through the funnel and enters a measuring mechanism. This simple design helps observers turn falling water into a record. A reader should be **careful** with a rainfall figure: it tells us about **precipitation**, but it does not describe every hour of a person's day.

**B** The opening of a gauge has an area that stays the same. This lets scientists compare the amount of water collected at different times. The funnel is narrow so that debris, such as leaves, is less likely to block it and evaporation, when water becomes a gas, is less likely to change the result in hot weather. A gauge must stand in a suitable place, because a wall, tree or roof can **cover** part of the sky. Good observations depend on both the tool and the way people use it.

**C** One automatic tool is a tipping-bucket gauge, whose small containers tip when full. The Met Office has used this kind of gauge to measure rainfall rate. Its mechanism, or working parts, records an event whenever a small amount of water has been collected. Repeated events show whether rainfall begins to **increase**, **drops** or stops. A short, heavy shower and a long period of light rain may produce different patterns even when the final total is similar. This is why a daily total is useful but not the whole story.

## Passage A - How Rainfall Is Measured

**D** Records also need a time label. A **maximum** daily amount means the largest amount in one day. It does not mean that the same amount fell every day that month. A total can **rise** as more water is collected even when the rainfall rate begins to **decrease**. A total and a rate therefore answer different questions. Snow creates another question: a blocked gauge can give a poor result, and an observer may report the water equivalent of freshly fallen snow. Numbers need a clear method before people compare them.

**E** Rainfall data can support forecasts, water planning and climate research. Each figure needs context. It should be checked with its place, date and measurement method. A gauge does not decide whether rain is welcome or difficult for local people. It only records water that has fallen. When a rainfall total is **almost** the same in two places, local ground, drainage and daily routines can still make the experience different. **Careful** reading joins the measurement to the real conditions.

## Questions 1-10 Summary completion

Write **ONE WORD** from the indicated paragraphs. Questions 1-5: **A-B**. Questions 6-10: **C-D**.

A rainfall figure begins with an **(1)** _____. In a rain gauge, water passes through a **(2)** _____ before entering a measuring mechanism. Readers should be **(3)** _____ when interpreting a rainfall figure. The narrow opening helps reduce the loss of water through **(4)** _____ in hot weather, and the gauge also needs to stand in a suitable **(5)** _____.

A tipping-bucket gauge can measure how quickly rain falls, known as the rainfall **(6)** _____. A **(7)** _____ daily amount describes the greatest amount in one day. The accumulated water may continue to rise while the rainfall intensity starts to **(8)** _____. An observer may report the water equivalent of freshly fallen **(9)** _____. Clear comparisons require a stated measurement **(10)** _____.

## Questions 11-15 List of Headings

Match each specified paragraph with its best heading. Tick **ONE** box. Some headings are not used.

i. Recording changes in rainfall automatically

ii. The history of computer games

iii. Turning falling rain into a measurement

iv. Understanding time periods, totals and rates

v. Choosing the position and design of a gauge

vi. Connecting measurements with local conditions

vii. Buying tickets for a train journey

**11. Choose the best heading for paragraph A.**

☐ i ☐ ii ☐ iii ☐ iv ☐ v ☐ vi ☐ vii

**12. Choose the best heading for paragraph B.**

☐ i ☐ ii ☐ iii ☐ iv ☐ v ☐ vi ☐ vii

**13. Choose the best heading for paragraph C.**

☐ i ☐ ii ☐ iii ☐ iv ☐ v ☐ vi ☐ vii

**14. Choose the best heading for paragraph D.**

☐ i ☐ ii ☐ iii ☐ iv ☐ v ☐ vi ☐ vii

**15. Choose the best heading for paragraph E.**

☐ i ☐ ii ☐ iii ☐ iv ☐ v ☐ vi ☐ vii

## Questions 16-20 Single choice

Tick **ONE** answer, A-C, for each question.

**16. What information does a rainfall figure directly describe?**

- ☐ A. The score of a football match
- ☐ B. Every hour of a resident's day
- ☐ C. Water that has fallen

**17. Why does the gauge opening keep the same area?**

- ☐ A. To make all rain clouds the same size
- ☐ B. To compare collected water at different times
- ☐ C. To choose a restaurant menu

**18. Why can a roof affect a gauge's position?**

- ☐ A. It may cover part of the sky above it
- ☐ B. It changes the price of a cinema ticket
- ☐ C. It makes the instrument record the same result daily

**19. What can happen with a short heavy shower and a longer period of light rain?**

- ☐ A. They must produce identical patterns
- ☐ B. They receive different school lunch orders
- ☐ C. Their totals may be similar but their patterns different

**20. What triggers a recorded event in the automatic mechanism?**

- ☐ A. A small amount of water has been collected
- ☐ B. A forecast has mentioned rain
- ☐ C. A bus has reached its final stop

## Questions 21-25 Single choice

Tick **ONE** answer, A-C, for each question.

**21. What problem can a blocked gauge cause?**

- ☐ A. A missing library membership card
- ☐ B. A poor measurement result
- ☐ C. A guaranteed record of the driest day

**22. What are rainfall data used to support?**

- ☐ A. The personal decision that every rainy day is welcome
- ☐ B. The rules of a chess tournament
- ☐ C. Forecasts, water planning and climate research

**23. Why might similar rainfall totals lead to different local experiences?**

- ☐ A. The same total proves the places are identical
- ☐ B. Ground, drainage and daily routines can differ
- ☐ C. The two places sell different cinema tickets

**24. Which time detail should be checked alongside a rainfall figure?**

- ☐ A. The date on which the measurement was made
- ☐ B. The words of a favourite song
- ☐ C. Only whether the rainfall was welcome

**25. What is one benefit of the narrow passage inside a rain gauge?**

- ☐ A. The number of players on a basketball team
- ☐ B. To let more debris block the instrument
- ☐ C. To make debris less likely to block it

# Speaking Homework 1

Book 2 Unit 4

## Questions 1-5 Build sentences

Put the word groups in order. Use each group once. Do not add words or change word forms. Record each full sentence.

**1. Start with "We".**
We, want to, about the weather, learn

**2. Start with "I".**
walking, on cool days, enjoy, I

**3. Start with "They".**
are going to, They, more trees, plant

**4. Start with "The storm".**
problems, may cause, on the road, The storm

**5. Start with "Our class".**
study, Our class, plans to, local wildlife

## Questions 6-10 Complete the replies

Read each situation and follow its clue to complete the reply. Record the whole reply.

**6. Situation:** You plan an indoor picnic. Choose going or go.

**Friend:** **What are you going to do if it rains?**

You: We are _____ to eat indoors.

**7. Situation:** You enjoy cool weather. Choose cool or humid.

**Friend:** **What weather do you prefer?**

You: I prefer _____ days.

**8. Situation:** You want to study storms. Choose learning or learn.

**Friend:** **Why are you watching this video?**

You: I want to _____ about storms.

**9. Situation:** You enjoy walks after light rain. Choose walk or walking.

**Friend:** **Do you like going out after rain?**

You: Yes, I enjoy _____ then.

**10. Situation:** You need a jacket for a cool evening. Use jacket from this fact.

**Friend:** **What should I bring tonight?**

You: A _____. It may be cool.

# Speaking Homework 1

Book 2 Unit 4

## Questions 11-15 Order and speak

Put sentences A-C in order. Record the opening, then read all three sentences in the correct order. Do not read the letters.

**11. Explain an outdoor plan.**

**Opening:** The weather looks good for tomorrow.

| | |
|---|---|
| A | We want to try that path. |
| B | There is a walking path beside that lake. |
| C | We are going to visit the lake. |

**12. Explain a change caused by rain.**

**Opening:** Our afternoon has changed a little.

| | |
|---|---|
| A | That rain makes the table too wet to use. |
| B | Rain is falling on the picnic table. |
| C | So we are eating inside. |

**13. Describe a tree-planting plan.**

**Opening:** Our class has a plan for the school grounds.

| | |
|---|---|
| A | The trees will give us a shaded area. |
| B | We want to plant a few trees. |
| C | We can sit in that shade on warm days. |

**14. Explain something you enjoy.**

**Opening:** Cool evenings are my favourite time to go out.

| | |
|---|---|
| A | I often stop on that bridge to look at the water. |
| B | On that riverside walk, I cross a small bridge near my home. |
| C | I enjoy walking by the river. |

**15. Explain a weather question.**

**Opening:** I want to understand yesterday's unusual weather.

| | |
|---|---|
| A | That wind knocked over a garden chair. |
| B | The storm brought strong wind. |
| C | A short storm passed over our town. |

# Speaking Homework 1

Book 2 Unit 4

## Questions 16-18 Follow the model

Use the model to make your own answer in 3-4 connected sentences. Write key words, then record your answer.

**16. Describe weather you enjoy and an activity you like doing in it.**

**Model:** I enjoy cool mornings. I like walking to the park. The fresh air makes the walk pleasant.

**17. Explain a plan for a rainy day.**

**Model:** It may rain tomorrow. I am going to visit the library. I want to read about storms.

**18. Describe a small change in the weather and its effect on your plans.**

**Model:** The morning was dry. Now it is raining. We are going to move our game inside.

# Speaking Homework 1

Book 2 Unit 4

## Questions 19-20 Follow the model

Use the model to make your own answer in 3-4 connected sentences. Write key words, then record your answer.

**19. Explain something about weather you want to learn.**

**Model:** I want to learn about forest fires. I plan to watch a school video. I hope to understand how they start.

**20. Describe a simple activity that could help local wildlife.**

**Model:** Our class wants to help local birds. We are going to plant more trees. The trees could give them places to rest.

# Speaking Homework 1

Book 2 Unit 4

## Questions 21-22 Describe the picture

Write key words, then record 2-3 sentences for each question. Use the words if helpful.

Words: humid, carefully, cool

**21. Describe the wet street and say what the person is doing.**

Words: carefully, dry, cool

**22. Say one thing the person can do because it is raining.**

# Speaking Homework 1

Book 2 Unit 4

## Questions 23-25 Describe the picture

Write key words, then record 2-3 sentences for each question. Use the words if helpful.

Words: unusual, cool, carefully

**23. Describe the people and the snow on the path.**

Words: carefully, prevent, cool

**24. Give one safe suggestion for this snowy path.**

Words: become, disappear, cool

**25. Describe one possible change if the weather becomes warmer.**

## Writing Homework 1

Book 2 Unit 4

### Questions 1-5 Build sentences

Put the word groups in order. Use each group once. Do not add words or change word forms. Write each full sentence.

**1. Start with "The temperature".**

The temperature, during, rose, the morning

**2. Start with "The maximum temperature".**

twenty degrees, The maximum temperature, was

**3. Start with "The minimum temperature".**

The minimum temperature, to, five degrees, fell

**4. Start with "Rainfall".**

in, Rainfall, April, increased

**5. Start with "The temperature".**

remained, almost constant, The temperature

### Questions 6-10 Complete the sentences

Complete each sentence. Follow the word choices or clues in each question.

**6. Data: 10°C at 8 a.m. and 15°C at noon. Choose rose or fell.**

Overall, the temperature _____ during the morning.

**7. Data: 9°C, 14°C, 18°C. Choose maximum or minimum.**

The _____ temperature was 18°C.

**8. Data: 8°C, 12°C, 17°C. Choose maximum or minimum.**

The _____ temperature was 8°C.

**9. Data: Monday 20 mm. Tuesday 5 mm. Choose increased or decreased.**

Rainfall _____ from Monday to Tuesday.

**10. Data: 12°C at both times. Choose constant or lower.**

The temperature stayed _____.

## Questions 11-15 Choose the sentence order

Read sentences A-C. Tick one sequence for each question.

**11. Order the temperature report by time.**

A In the evening, it fell to 12°C.
B By noon, it had risen to 16°C.
C At eight, the temperature was 10°C.

☐ C-B-A ☐ A-C-B ☐ A-B-C

**12. Order information about a maximum.**

A This was the maximum for the week.
B On that day, the temperature reached 22°C.
C The warmest day in the record was Friday.

☐ B-C-A ☐ A-B-C ☐ C-B-A

**13. Order information about a minimum.**

A That morning, it fell to 3°C.
B The lowest temperature in the record was on Monday.
C This value was the weekly minimum.

☐ A-C-B ☐ B-C-A ☐ B-A-C

**14. Order a rainfall report.**

A After it stopped, the total rainfall was 18 mm.
B The rain continued until Wednesday morning.
C The record shows rain on Tuesday.

☐ C-B-A ☐ B-A-C ☐ A-C-B

**15. Order an observation and a cautious response.**

A A dark cloud appeared above the park.
B The players saw this movement and decided to go indoors.
C The cloud began moving towards the playing field.

☐ A-B-C ☐ C-B-A ☐ A-C-B

## Writing Homework 1

Book 2 Unit 4

### Questions 16-18 Follow the model

Use the model to make your own answer in 3-4 connected sentences. Write your own answer with different details.

**16. Describe a temperature rise using data: 8 a.m. 9°C. Noon 14°C. 3 p.m. 18°C.**

**Model using different data:** In this record, the temperature was 10°C at eight. It rose to 15°C at noon. It reached 19°C at three.

**17. Describe a temperature fall using data: noon 20°C. 4 p.m. 17°C. 8 p.m. 11°C.**

**Model using different data:** The temperature was 21°C at noon. It dropped to 18°C at four. By eight, it was 13°C.

**18. Describe the maximum and minimum using data: Monday 8°C. Tuesday 13°C. Wednesday 10°C.**

**Model using different data:** The maximum in the record was 16°C on Friday. The minimum was 7°C on Thursday. Saturday's temperature was 12°C.

## Questions 19-20 Follow the model

Use the model to make your own answer in 3-4 connected sentences. Write your own answer with different details.

**19. Describe rainfall using data: Monday 4 mm. Tuesday 11 mm. Wednesday 11 mm.**

**Model using different data:** Rainfall was 3 mm on Thursday. It increased to 8 mm on Friday. It stayed at 8 mm on Saturday.

**20. Describe a weather event you have seen. Include its duration and one effect. You may imagine the event.**

**Model:** A short storm lasted ten minutes. Heavy rain covered the path. We waited inside until it ended.

# Writing Homework 1

Book 2 Unit 4

## Questions 21-22 Describe the picture

Write 2-3 sentences for each question. Use the words if helpful.

Words: maximum, cover, minimum

**21. Describe the cloudy sky. Data: the maximum temperature is 12°C.**

Words: minimum, cover, careful

**22. Write one opinion about this cool day. Data: the minimum temperature is 5°C.**

## Writing Homework 1

Book 2 Unit 4

### Questions 23-25 Describe the picture

Write 2-3 sentences for each question. Use the words if helpful.

Words: precipitation, fall, cover

**23. Describe the wet pavement. Data: precipitation fell in the morning.**

Words: cover, last, precipitation

**24. Describe one visible result of rain. Data: rain lasted for two hours.**

Words: careful, dangerous, cover

**25. Write one careful suggestion for this wet path.**
