Listening Homework 1

Book 3 Unit 3

Questions 1-5 Sentence completion

Write **ONE WORD, ONE NUMBER, OR ONE OF EACH** from the indicated SHORT audio. Do not add % where it is printed.

1. [3.3-S01] **Serious traffic problems often cause people to be _____ .**

2. [3.3-S01] **By 2050, the UN predicts that _____ percent of the world's population will live in cities.**

3. [3.3-S02] **Mark says the main cause is the number of _____ vehicles.**

4. [3.3-S03] **A road _____ can greatly affect nearby roads.**

5. [3.3-S13] **Mark says " _____ traffic signals in so many of our cities are years old now."**

Listening Homework 1

Book 3 Unit 3

Questions 6-10 Sentence completion

Write **ONE WORD, ONE NUMBER, OR ONE OF EACH** from the indicated SHORT audio. Do not add % where it is printed.

6. [3.3-S05] **The speaker describes 'all sorts of _____ over the day'.**

7. [3.4-S07] **A traffic controller may be human or a _____.**

8. [3.4-S09] **Drone inspections could reduce the number of work _____ on the road.**

9. [3.4-S10] **Businesses can use drones to transport small _____.**

10. [3.4-S12] **Mark says drivers often become less _____ than normal.**

Listening Homework 1

Book 3 Unit 3

Questions 11-15 Single choice

Tick **ONE** answer, A-C, for each question. Use the indicated SHORT audio.

11. [3.3-S01] **What does the host ask listeners about first?**

- ☐ A. Whether they visit small villages every week
- ☐ B. Whether they compose music for whales
- ☐ C. Whether they live, study or work in a large city

12. [3.3-S02] **What reluctance does Mark describe among drivers?**

- ☐ A. They do not want to leave their cars at home and take the bus
- ☐ B. They are eager to leave their cars at home every day
- ☐ C. They want to rehearse a violin concert

13. [3.3-S03] **Why can one vehicle stopping briefly create a wider problem?**

- ☐ A. It always makes every nearby journey faster
- ☐ B. It can block traffic and trouble the road users behind it
- ☐ C. It changes the price of a cinema ticket

14. [3.3-S13] **What weakness does Mark identify in older traffic signals?**

- ☐ A. They change continually according to current road volume
- ☐ B. They use fixed intervals without responding to current road volume
- ☐ C. They select books for a public library

15. [3.3-S13] **What happens when the lights return to red in Mark's example?**

- ☐ A. The whole road immediately becomes empty
- ☐ B. A chef prepares food for a restaurant
- ☐ C. A vehicle remains across a busy junction

Listening Homework 1

Book 3 Unit 3

Questions 16-20 Single choice

Tick **ONE** answer, A-C, for each question. Use the indicated SHORT audio.

16. [3.4-S06] **Where do modern signals send road information?**

- ☐ A. To a control centre
- ☐ B. Only to the first driver on the road
- ☐ C. To a theatre costume room

17. [3.4-S07] **What can controllers use traffic information to do?**

- ☐ A. Keep one timing pattern regardless of traffic
- ☐ B. Choose the winners of a football match
- ☐ C. Organise the signals to keep traffic moving

18. [3.4-S08] **What other traffic-reduction idea does Mark introduce?**

- ☐ A. City authorities adding more road vehicles for every task
- ☐ B. Businesses replacing road vehicles with drones
- ☐ C. Museums replacing paintings with musical instruments

19. [3.4-S10] **How does Mark respond to the idea of drone deliveries?**

- ☐ A. He welcomes it
- ☐ B. He considers it a waste of money
- ☐ C. He changes the school lunch menu

20. [3.4-S11] **What does Mark advise people who continue to drive to do?**

- ☐ A. Ignore the effect of their behaviour on traffic
- ☐ B. Learn to bake a different cake each week
- ☐ C. Drive less when possible and behave more responsibly

Questions 21-23 Multiple choice

Tick **TWO** answers, A-E, for each numbered question. Use the indicated SHORT audio.

21. [3.3-S01] **Which TWO concerns does the host raise at the start?**

- ☐ A. Traffic has disappeared from large cities
- ☐ B. City traffic has increased greatly
- ☐ C. A museum has ordered new paintings
- ☐ D. Future growth may make coping harder
- ☐ E. Future growth will remove all road problems

22. [3.3-S02] **Which TWO comparisons does Mark make between cars and public transport?**

- ☐ A. Every car carries a full passenger load
- ☐ B. A gardener chooses flowers for a park
- ☐ C. Public transport can carry only one person
- ☐ D. Many cars carry only one or two people
- ☐ E. Public transport can carry many people together

23. [3.4-S07] **Which TWO points does Mark make about installing modern signals?**

- ☐ A. Installation across a city can be expensive
- ☐ B. Installation costs nothing
- ☐ C. The signals rehearse a school choir
- ☐ D. Doing nothing would be better
- ☐ E. Installation is better than doing nothing

Questions 24-25 Multiple choice

Tick **TWO** answers, A-E, for each numbered question. Use the indicated SHORT audio.

24. [3.4-S09] **Which TWO results can the remote inspection method provide?**

- ☐ A. Send inspection information to engineers
- ☐ B. Keep all inspection information from engineers
- ☐ C. Limit engineer travel to actual problems
- ☐ D. Rehearse a school choir
- ☐ E. Require engineer travel for every routine check

25. [3.4-S12] **Which TWO actions does Mark request near the end?**

- ☐ A. Block the side street while waiting
- ☐ B. Give way to someone turning into a side street
- ☐ C. Keep the entrance to a side street clear
- ☐ D. Choose a dessert from a restaurant menu
- ☐ E. Refuse to let another road user turn

Passage A - How a City Makes Travel Easier

A Urban transport is not only about moving vehicles. It is about whether people can reach work, school, healthcare and other daily services. The World Bank describes transport as vital for linking people to these opportunities. When **traffic congestion** is severe or a service is unreliable, a journey can take much longer than expected. This is difficult for people with few transport choices.

B The problem is often greater on the **outskirts** of a city. Homes, jobs and services may be far apart, and some **residents** may first need to walk to a stop before they can use a **public transport** service. A transport network therefore needs more than one vehicle. It needs safe routes to stations, clear information and services that **connect**. A journey works only when each part helps a person reach a **destination**.

C **Public transport** can carry many people, but it must be planned for the people who use it. A bus rapid transit service uses buses on routes designed to move passengers efficiently. The World Bank reports that mass-transit improvements can **reduce** congestion, shorten travel times and improve **access** to jobs and services. These are possible benefits, not automatic promises. A route that is fast for one group of **commuters** may still be difficult to reach for people living farther away.

D Walking and cycling also have a role in an urban transport system. They can provide the first or last part of a journey, such as travel between a home and a station. The World Bank notes that facilities for walking and cycling can be faster and less expensive to build than large projects. However, a painted line or a new path does not solve every problem. People need routes that are safe and continuous.

Passage A - How a City Makes Travel Easier

E Good connections are important when people change from one form of transport to another. A cyclist may need secure bicycle parking near a station. A passenger may need a well-lit crossing or a short walk between two services. These details can **connect** different parts of a journey. They also affect whether **public transport** feels **practical**. If changing services is confusing, expensive or unsafe, people may decide to use a private car even when another option exists.

F Transport planning also involves choices about fairness. Low-income workers can spend a large share of their income and several hours on daily travel when congestion is serious and **public transport** does not work well. Better **access** is not simply a map showing that a route exists. It includes cost, travel time, safety and the ability to use a service. Planning should therefore consider the experience of people with different needs, rather than assuming that all **residents** travel in the same way. No single project can remove all traffic problems from a growing city. A metro, a bus lane, a walking route and a bicycle facility serve different purposes. A clear **public transport** plan can combine them so more people reach their **destination**.

Reading Homework 1

Book 3 Unit 3

Questions 1-10 Summary completion

Write **ONE WORD** from the indicated paragraphs. Questions 1-5: **A, B**. Questions 6-10: **C, D**.

People can reach “work, school, **(1)** _____ and other daily services”, but an **(2)** _____ service can delay a trip. On the outskirts, people may first walk to a **(3)** _____. Networks need parts that **(4)** _____ so a person can reach their intended **(5)** _____, such as their workplace.

The rapid transit service uses **(6)** _____ on routes designed to move passengers efficiently, and mass transit may reduce **(7)** _____. Walking can be the first or last part of a **(8)** _____, but routes must be safe and **(9)** _____. A new path cannot solve every **(10)** _____.

Questions 11-15 List of Headings

Match each specified paragraph with its best heading. Tick **ONE** box. Some headings are not used.

i. Fairness beyond a route map
ii. Benefits and limits of mass transit
iii. Weak links at the city edge
iv. Transport as access to daily life
v. Joining several solutions
vi. Why transfers need careful design
vii. Active travel within a network

11. Paragraph A

☐ i ☐ ii ☐ iii ☐ iv ☐ v ☐ vi ☐ vii

12. Paragraph B

☐ i ☐ ii ☐ iii ☐ iv ☐ v ☐ vi ☐ vii

13. Paragraph C

☐ i ☐ ii ☐ iii ☐ iv ☐ v ☐ vi ☐ vii

14. Paragraph D

☐ i ☐ ii ☐ iii ☐ iv ☐ v ☐ vi ☐ vii

15. Paragraph E

☐ i ☐ ii ☐ iii ☐ iv ☐ v ☐ vi ☐ vii

Questions 16-20 Single choice

Tick **ONE** answer, A-C, for each question.

16. What can make services harder to reach on a city's outskirts?

- ☐ A. Homes and services may be far apart
- ☐ B. All services are close to every home
- ☐ C. A shortage of cooking classes

17. What must a transport network offer in addition to vehicles?

- ☐ A. Safe routes and clear information
- ☐ B. A single route with no information
- ☐ C. Cooking lessons

18. What caution does paragraph C give about mass transit?

- ☐ A. Every route suits all commuters
- ☐ B. Its benefits are possible, not automatic
- ☐ C. It changes the weather

19. What is one possible benefit of mass transit?

- ☐ A. A guarantee that all delays disappear
- ☐ B. Free concert tickets
- ☐ C. Shorter travel times

20. Why can walking and cycling facilities be attractive to build?

- ☐ A. They can be faster and less expensive than large projects
- ☐ B. They remove the need for safe routes
- ☐ C. They decide school timetables

Questions 21-25 Single choice

Tick **ONE** answer, A-C, for each question.

21. What can discourage people from changing transport modes?

- ☐ A. A well-lit crossing
- ☐ B. A music lesson
- ☐ C. A confusing or unsafe transfer

22. Whose experiences should transport planning consider?

- ☐ A. Only people who already own cars
- ☐ B. People with different needs
- ☐ C. Pilots choosing airport meals

23. Why is a route on a map not enough to show access?

- ☐ A. Cost, travel time, safety and usability also matter
- ☐ B. Every route has the same price and duration
- ☐ C. The map must show concert seats

24. What might a cyclist need near a station?

- ☐ A. Secure bicycle parking
- ☐ B. A private car for every trip
- ☐ C. A violin lesson

25. What challenge can low-income workers face?

- ☐ A. They always travel for free
- ☐ B. They need to build train engines
- ☐ C. They may spend much money and time on daily travel

Speaking Homework 1

Book 3 Unit 3

Questions 1-5 Build sentences

Put the word groups in order. Use each group once. Do not add words or change word forms. Record each full sentence.

1. Start with "The bus route".
cheaper than, is, a taxi, The bus route

2. Start with "Cycling".
way to cross town, the fastest, Cycling, is

3. Start with "A crash".
caused, A crash on the bridge, serious, traffic trouble

4. Start with "New signals".
can, traffic at the junction, New signals, control

5. Start with "This lane".
This lane, on traffic flow, has, a huge impact

Questions 6-10 Complete the replies

Read each situation and follow its clue to complete the reply. Record the whole reply.

6. Situation: Workers are putting a barrier across the road before repairs begin. Choose block or avoid.

Friend: **Why are they putting the barrier there?**

You: It will _____ the road while they work.

7. Situation: A bus is safer than a motorbike. Choose safer or safest.

Friend: **Which is safer for this trip?**

You: The bus is _____ than the motorbike.

8. Situation: You are comparing three routes and need the quickest of all three. Choose fastest or faster.

Friend: **Which route should we take?**

You: This is the _____ route to the station.

9. Situation: A crash causes a major delay for traffic. Choose improvement or impact.

Friend: **What effect does the crash have?**

You: It has a huge _____ on traffic.

10. Situation: Drivers face a difficult delay. Choose control or cope.

Friend: **How do drivers manage the delay?**

You: They must _____ with the delay.

Speaking Homework 1

Book 3 Unit 3

Questions 11-15 Order and speak

Put sentences A-C in order. Record the opening, then read all three sentences in the correct order. Do not read the letters.

11. Explain a traffic problem and a solution.

Opening: My street has one problem at rush hour.

A	To prevent this blocking of the bus stop, the city could add a clear bus lane.
B	Cars block the bus stop every morning.
C	This would help buses move more easily.

12. Compare two ways to travel to school.

Opening: I have two choices for travelling to school.

A	Given that contrast in speed and distance from home, I choose the bus when I have enough time.
B	However, the bus stop is closer to my home.
C	The underground is faster than the bus.

13. Describe a crash and its effect.

Opening: Yesterday, something delayed our journey.

A	The crash made traffic slower on the nearby road.
B	Because of this slower traffic, many passengers arrived late at the station.
C	A small crash happened near the junction.

14. Recommend a route.

Opening: My friend asked me for travel advice.

A	Because of the separation from the main road just described, I recommend this path in the afternoon.
B	It stays away from the main road.
C	The cycle path is the safest route to the park.

15. Explain a traffic-control idea.

Opening: Our class discussed traffic at the school gate.

A	To deal with those cars outside the gate, a crossing officer could control the traffic.
B	This might make the area easier to cross.
C	Cars often stop outside the gate.

Speaking Homework 1

Book 3 Unit 3

Questions 16-18 Follow the model

Use the model to make your own answer in 3-4 connected sentences. Write key words, then record your answer.

16. Describe one transport problem near a school and give a simple solution.

Model: Cars stop near our school gate every morning. This causes trouble for buses. The school could mark a clear drop-off area. It would keep the entrance more organized.

17. Compare two ways to travel to a sports centre.

Model: The bus is cheaper than a taxi. It also stops near the sports centre. A taxi can take us straight to the entrance, but it costs more. I would take the bus.

18. Explain how a busy junction affects a journey.

Model: The junction near the market has heavy traffic. Cars wait for a long time at the lights. New signal timings could control the traffic better. This might reduce the delay.

Speaking Homework 1

Book 3 Unit 3

Questions 19-20 Follow the model

Use the model to make your own answer in 3-4 connected sentences. Write key words, then record your answer.

19. Recommend a transport change for a local area.

Model: I recommend a cycle lane near the library. Many students cycle there after class. The lane would separate bicycles from cars. It could make the route safer.

20. Describe a solution that helps people avoid traffic.

Model: My family avoids the main road after work. We use a quieter street behind the park. It is a little longer, but it has less traffic. This makes our journey calmer.

Speaking Homework 1

Book 3 Unit 3

Questions 21-22 Describe the picture

Write key words, then record 2-3 sentences for each question. Use the words if helpful.

Words: control, safety, convenient

21. Describe two visible features that help people cross this street.

Words: control, safety, convenient

22. Compare the pupils' position with the bus's position. Use closer to or farther from.

Speaking Homework 1

Book 3 Unit 3

Questions 23-25 Describe the picture

Write key words, then record 2-3 sentences for each question. Use the words if helpful.

Words: convenient, safety, control

23. Describe how the wheelchair user is entering the bus. Mention the boarding platform.

Words: convenient, safety, control

24. Describe where the other passengers are waiting. Explain why leaving space could help.

Words: convenient, safety, control

25. Suggest one way a bus driver could make boarding more convenient in this scene.

Writing Homework 1

Book 3 Unit 3

Questions 1-5 Build sentences

Put the word groups in order. Use each group once. Do not add words or change word forms. Write each full sentence.

1. Start with "The train".

arrives at, platform three, The train, at noon

2. Start with "Passengers".

near the museum, Passengers get on, the bus

3. Start with "The driver".

a quieter route, home, suggested, The driver

4. Start with "We need".

tonight, the last train, to catch, We need

5. Start with "The road".

the station to the airport, The road, directly, connects

Questions 6-10 Complete the sentences

Complete each sentence. Follow the word choices or clues in each question.

6. Choose miss or catch. We want to travel on this service.

We need to _____ the last train.

7. Choose get on or get in, before the bus.

Passengers _____ the bus here.

8. Choose suggest or say, for an idea.

I _____ a quieter route.

9. Choose road or route, after bus.

This bus _____ goes past the hospital.

10. Choose reach or arrive, before at.

The train will _____ at noon.

Questions 11-15 Choose the sentence order

Read sentences A-C. Tick one sequence for each question.

11. Choose the coherent order for the transport situation.

A A map at the entrance could solve this problem.
B New visitors often cannot find platform three.
C The station should therefore install the map.

☐ C-B-A ☐ B-A-C ☐ C-A-B

12. Choose the coherent order for the transport situation.

A That short walk makes the route useful for visitors with appointments.
B Its stop is directly outside the main entrance.
C The bus route passes the hospital.

☐ C-B-A ☐ C-A-B ☐ A-B-C

13. Choose the coherent order for the transport situation.

A After the match, some fans therefore have to wait for a taxi.
B The last train leaves before the match ends.
C An extra late train could give those fans another choice.

☐ B-A-C ☐ A-B-C ☐ C-A-B

14. Choose the coherent order for the transport situation.

A The main cycling route uses a road that is busy at rush hour.
B Cyclists can reach this alternative path from the park gate.
C A quieter alternative to that road runs beside the river.

☐ A-B-C ☐ A-C-B ☐ B-A-C

15. Choose the coherent order for the transport situation.

A The station should test whether new visitors can find those platform locations.
B The station plans to add a map near its entrance.
C This map would show the locations of the station’s platforms.

☐ C-B-A ☐ B-C-A ☐ B-A-C

Writing Homework 1

Book 3 Unit 3

Questions 16-18 Follow the model

Use the model to make your own answer in 3-4 connected sentences. Write your own answer with different details.

16. Write about getting to a local place. Include a transport collocation and one reason.

Model: I catch the number 6 bus to the library. It stops near the entrance. The bus is cheaper than a taxi. I use it after school.

17. Suggest a route for a visitor. Include a clear reason.

Model: I suggest the direct bus to the stadium. It leaves from the station. The bus stops outside the gate. This route is easy for visitors to follow.

18. Describe a transport problem and one solution.

Model: The last train leaves early on Saturday. Some passengers miss it after the match. The company could add a later service. This would give people another choice.

Writing Homework 1

Book 3 Unit 3

Questions 19-20 Follow the model

Use the model to make your own answer in 3-4 connected sentences. Write your own answer with different details.

19. Compare two travel choices.

Model: Cycling is quicker than walking to the market. Walking is easier in heavy rain. Both get me to the market. I choose based on the weather.

20. Write a concluding recommendation for a local transport change.

Model: The proposed map would be simple to install. It would help visitors find the correct platform. It could reduce repeated questions at the desk. Therefore, the station should add it.

Writing Homework 1

Book 3 Unit 3

Questions 21-22 Describe the picture

Write 2-3 sentences for each question. Use the words if helpful.

Words: commuter, cycle, public transport

21. Describe the bicycle, its rider and the tram stop.

Words: commuter, cycle, public transport

22. Imagine the man plans to continue his journey by tram. Explain how the two forms of transport connect.

Writing Homework 1

Book 3 Unit 3

Questions 23-25 Describe the picture

Write 2-3 sentences for each question. Use the words if helpful.

Words: destination, connect, public transport

23. Describe what the two travellers are doing at the station.

Words: destination, connect, public transport

24. Explain how this map could help the travellers choose a route.

Words: destination, connect, public transport

25. Imagine the travellers still cannot find their destination. Suggest what they could do next.
